## UNIVERSALISTS URGED TO MEET AT SITE

Several Possible Locations Discussed, With a Sketch of a Church—Adjournment Taken Without Any Action.

A meeting of the members of the Universalist church was held Monday night at the Buckingham Memorial, called to consider a location for a new church, but adjourned after a little over an hour without taking any action.

The matter of a new location had been under advisement by the trustees since the report made to the church last week that there were three pieces of property on lower Washington street which might be bought by the church. First, was the house and lot formerly occupied by Charles D. Noyes, now owned by George W. Carroll; second, the house and lot adjoining which belongs to the Joseph Plant estate; and third a vacant lot belonging to Henry Allen and adjoining the data owned by Dr. E. H. Brewer.

By a tentative plan which Chairman Tracy had, showing elevations and floor plans, he explained to the church the kind of church which could be placed on any of these lots which the meeting might select. This was a church almost the same as the old one which has been sold. The auditorium was to be on the street level, almost the same as the old one which has been sold. The auditorium was to be on the street level, almost the same as the old one which has been sold.

The entrances would be through vestibules at each corner, the pulpit and choir to be at the further end of the auditorium. There would be two floors below this, connected by stairways, the first containing the Sunday school rooms, on the lowest floor would be a large entertainment room with adjoining kitchen and other rooms. The whole, said Mr. Tracy, would make a complete and well equipped church and he estimated could be built for \$20,000 of brick, with stone roof, granite trimmings, stained glass windows and hardwood floors. This estimate did not include plumbing, heating and electric work.

## AN ITCHING PALM

No Cure for It. Other Forms of Itch ing Preferable.

There is no cure for an itching palm—the money kind. Even poison, the new skin discovery, cannot help it. But when it comes to eczema, the most annoying of itching skin troubles, poison will stop the itching at once and cure the worst cases in a few days. So with hives, rash, scabies, split toes, piles, and scaly scalp, all of which are different forms of eczema, according to severe itching and caused by imperfect digestion and careless diet. Poison comes in two-dollar jars, but fifty cents' worth will answer in curing any of the diseases mentioned. It can be had of any druggist. Lee & Osgood's and Smith's drug store in Norwich, Larue's in Putnam, Woodworth in Danielson and Chesbro's in Willimantic, make a specialty of it.

That results are immediate will be amply demonstrated overnight by the use of the experimental sample which the Emergency Laboratories, 32 West Twenty-fifth Street, New York City, will send free by mail, in plain wrapper, to any one who will write for it.

Health and Beauty Aid.  
Cosmetics and lotions will not clear your complexion of pimples and blotches like Foley's Ointment. For indigestion, stomach and liver troubles and habitual constipation. Cleanses the system and is pleasant to take. The Lee & Osgood Co.

Self Sown Mushrooms.  
Not many lawns in the city will produce the novel crop gathered from former Street Commissioner John D. Sevin Monday afternoon at his home on Broad street, where he had a berry basket full of the shaggy mane mushrooms, an edible variety which makes a toothsome dish relished by gourmets. The mushrooms are self-sown in Mr. Sevin's lawn.

Carpenter's Meeting.  
Two candidates were initiated and four applications received Monday night at the regular meeting of the Carpenters' Union in Carpenters' hall, at which President Amos Baldwin was in the chair.

License Vote at New London.  
At New London it was necessary to get 425 signatures for a vote on license. They secured 443. Next Sunday Rev. P. C. Wright is to make a temperance address there.

F. O. E. National Convention.  
Omaha, Neb., Sept. 12.—Politics got an early start today in the national convention of the Fraternal Order of Eagles, which will open tomorrow, and already three candidates are in the field for the office of vice president. Syracuse, Saratoga and St. Paul have delegations working to secure next year's convention.
